Sub: AICTE approval to St. Joseph's College of Engg. , Old Mamallapuram Road, Madras-600 096.

Sir,

I am directed to invite your attention to my letter No. 731-1-3/RC/94 dated 20th July 1994 inviting your comments on the proposal of Jeppiaar Educational Trust, 12, Ganapathy Street, Royapettah, Madras-600 014 for starting a new engineering college.

We have not received your any specific comments on this proposal. This proposal has been pending for consideration with AICTE for quite some time. Keeping in view a number of similar instances where the Hon'ble High Court of Madras, Tamil Nadu have passed orders to the AICTE for taking final decisions within specific time frame, the Council has therefore taken a final decision on this proposal now. The Council accordingly had set up an Expert Committee under the Chairmanship of Prof. P.G. Reddy, Chairman, Southern Regional Committee which met on 10.8.1994. The committee considered the reports of the visiting committees in detail and also noted that the Director of Technical Education, Tamil Nadu was invited as a representative of the State Government in these committees. The Council had also invited him to attend the meeting of the committee held on 10.8.1994 and Dr. S. Vardarajan attended the same.

The Council has accepted the recommendations of the Committee and approves following courses for starting a new engineering college, "St. Joseph's College of Engg. , Old Mamallapuram Road, Madras-600 096" for academic year 1994-95.

\*If the University does not introduce the Bio-Medical Engg. course from the academic year 1994-95, the Management may conduct Electronics & Comm. Engg. Course with an annual intake of 60 from the academic year 1994-95 in place of Bio-Medical Engg.

It may be mentioned that the college will be allowed to make admissions for 1994-95 only after it obtains the affiliation from concerned University and observes the provisions of GSR 476(E) dated 20th May, 1994 as per the Gazette notification.

The above approval is subject to the fulfilment of specific conditions as under :-

1. The Management should complete the construction of buildings for running the first year and second year of the College at its proposed site before the commencement of the admission for the academic year 1995-96 and the college should start functioning at the permanent premises from the academic year 1995-96.
2. In case the Management built up the permanent infrastructural facilities for the first year and second year on their site before the commencement of the admissions for the academic year 1995-96, their case deserves consideration for increase in intake with reference to their original proposal.
3. The students should be admitted to Instrumentation & Control Engg., Bio-Medical engg./Electronics & Comm. Engg. and Chemical Engg. courses only after obtaining the affiliation from the concerned university.
4. Sanctioned strength of any branch should not be altered even by way of branch transfers without the prior approval of AICTE. The strength of any branch should not exceed 60.
5. If the State Govt. has a proposal for increase in intake during 1994-95 session for consideration of AICTE, the recommended intake considered in this report should be adjusted against the proposed increase in intake considering State as a unit.
6. The deficiencies pointed out by the Expert Committee should be rectified immediately and the Management should submit the Compliance Report for the same to AICTE.
7. An Expert Committee of AICTE will visit the College before the commencement of the admissions for academic year 1995-96 for review of infrastructural facilities created by the college.
8. The college should strictly follow any other conditions laid down by the AICTE from time to time.
9. The institute should also comply with the other conditions of AICTE as per annexure to this letter.

The specific deficiencies for not granting the other proposed increase/ variation in intake/ additional courses to the institution are mentioned below:

1. Increase in intake beyond 120 is not permitted in UG-Engg. Courses.

The additional intake is being granted based on the projections shown in the Detailed Project Report regarding additional built up space, faculty and other facilities for the proposed intake. It may be noted that all facilities including additional built area and faculty should be made available before the commencement of the next academic session. Random surprise inspection would be carried out to verify facilities and if the institute is found deficient in fulfillment of Norms & Standards of AICTE, appropriate action would be initiated by the Council.

Please note that all other terms & conditions of the earlier letter referred above will remain unchanged.
