Vision Statement:

To become an outstanding department that provides state of the art professional resources and empower our students to transform into impactful global leaders in the field of Artificial Intelligence and Data science.

Mission Statements:

Domain specific excellence

To equip our students with Engineering knowledge and domain specific skills to understand, analyze and develop AI based processes through cutting edge research and Innovations.

Domain specific solutions

To excel our students in Computational principles and Data Science and derive actionable foresight and hindsight to solve real world problems in engineering and business, with high professional standards.

Domain specific social impact

To promote sustained knowledge advancement in AI and Data Science and empower our students to solve complex societal challenges
