**REPORT**

**Academic Year 2014-15**

S.No.	Stakeholder	Feedback	Actions Taken
1	Student	Faculty-student interaction may be enhanced.	An interactive activity which enables the mutual interaction between faculty and student was encouraged and implemented.
2	Teacher	Evaluation of departmental activities and action plans may be implemented with inputs from subject experts to improve the curriculum.	Academic audit was conducted in the department level and the inputs received were documented and suggestions were taken forward to be implemented in the BOS meetings in University.
3	Alumni	Opportunity for the alumni to have interaction with current students for sharing their work experiences in real world.	Alumni interactions were organized in periodic manner.
4	Employers	Value added courses should be conducted for improving the student knowledge in core field.	Areas of value added courses were identified as per industry needs. Action plan has been made for conducting value added course in forth coming academic year.
5	Parents	Slow learners need to be concentrated more.	Special attention for slow learners was given for clarifying their doubts.

**FEEDBACK ANALYSIS:**

Totally 489 students gave their feedback on curriculum for the academic year 2014-2015. Only 60% of students said that the course content met with their expectations, the difficulty in the level of the course was bit high and the course contents has imparted some practical knowledge. 74% students have said that their instructors have encouraged interaction in class and they found it very helpful and satisfied. 67% reported that the library is full-fledged with adequate books. They too expect some more seminars related to the course and expect industrial visits. 75% students are satisfied with available books in library and access to the journals. 73% of the students look for seminars and assignments in relevant topic in order to get a good exposure.

### FEEDBACK ANALYSIS:

The faculties response to various aspects with regard to relevance, content of the curriculum student placement and employability were analysed and based on their feedback, action were carried out which in presented here

- Felt the need to have industrial experts to handle special sessions on industry-oriented subjects for value addition. Special address by industrial experts were organized by the department.
- More assignments and presentations to be encouraged to improve the cognitive and communication skills of the students. Students were motivated to do more assignments and presentations, as part of their curriculum.

**ALUMNI SURVEY**

**ACADEMIC YEAR 2014-2015**

**STRENGTH:**

1. Motivation for co-curricular and extra-curricular activities
2. Good counselling in academic and non-academic matters in/outside the class
3. Always tries to improve educational quality among students
4. Lab facilities provided is good
5. Handholding given to slow learners is great

**WEAKNESS:**

1. Impart practical knowledge among students, make them work on more and more project
2. Learning activities from books and assignments needs to be implemented
3. More books on newer topics in the library
4. Mini projects have to be included in the curriculum
5. Alumni meet can be organised

**FEEDBACK ANALYSIS:**

1. The alumni are generally happy with the lab facilities of the department, guest lectures on necessary topics has been organised to break monotony
2. Efforts being made for upkeep the quality and improve further
3. Faculties are encouraged to impart activity-based learning in day to day classes
4. Advanced books on current trends are added to the library collection

**FEEDBACK RELATED TO INTITUTE SUGGESTED BY STAKEHOLDERS AND  
ACTION TAKEN**

**ACADEMIC YEAR: 2014-2015**

	<b>FEEDBACK</b>	<b>ACTION TAKEN</b>
1	Overall alumni have suggested that special care need to be taken on competitive exams like GATE/IES.	Seminar and guest lectures arranged by department regarding awareness of competitive exams like GATE/IES
2	Tie up with more professional and institutional bodies.	More student forums were created by IEEE.
3	Rating on students should be done with respect to being open to new ideas and learning new technologies.	Necessary steps are taken for the quality rating of students based on their performance.
4	Expert lectures can be arranged for fundamental subjects. More numerical problems are to be solved for analytical subjects.	Concerned teachers are instructed for arranging expert lecture for respective subjects. Through assignments and tutorials more numerical problems were solved.
