**REPORT**

**Academic Year 2017-18**

S.No.	Stakeholder	Feedback	Actions Taken
1	Student	Exposure on Factory Automation may be provided.	Workshop was conducted to familiarize students with Factory Automation by CDCE Automation.
2	Teacher	Teachers emphasised the need for more hands on experience in industries during summer vacations so that students get a first-hand experience of the needs of the industry during their course period and get themselves ready in their fields of interest.	Internships were made compulsory for all students during summer vacations to give them a taste of industry requirements during their course period. This also enabled them to assess their standing in the industry and improve their potential with respect to their field of interest.
3	Alumni	Alumni informed their interest in initiating scholarships/endowments to support their alma mater.	Scholarships/endowments were introduced with contributions from alumnae. This will ensure their continuing relationship with the institution.
4	Employers	Students' preparation for interviews should be made effective.	Department - wise Resume writing sessions and mock interviews were conducted.
5	Parents	In addition to curricular aspects, parents' expressed the need to focus on the overall development of the student.	Mentoring and honing individual potentials were carried out through vocational training. Exposure to special education and physical education has resulted in the intellectual, technical, social and emotional development of the students.

### **FEEDBACK ANALYSIS:**

Students are encouraged to respond to the feedback form as honest as they can and in a timely manner. The college has obtained feedback on curriculum from students through questionnaire which contains the following major aspects such as course content & organization, interactive participation, learning environment & teaching methods, learning resource and quality of delivery and assessment. Totally 546 students gave their feedback on curriculum for the academic year 2017-2018.

Around 55% of student is satisfied with the course content. More seminars and Invited talks can be arranged in order to encourage the students. Academic support extended by the faculty has to be improved. 78% states that Mini projects have to be included in the curriculum so that they get good exposure. 66% students are satisfied with the course material whereas some expects more references books. Requisition process to be improved aiding raw material procurement for project work from maintenance department in order to increase the learning environment from 66%. Majority are satisfied with the Basic facility for doing experiments in each laboratory. 64% are clear with the ideas and concepts presented. Whereas some students suggested for gaps in between the assessment schedule.

**ALUMNI SURVEY**  
**ACADEMIC YEAR 2017-2018**

**STRENGTH:**

1. Always tries to improve educational quality among students
2. Motivation and encouragement received towards higher studies was very good
3. Mentor Systems are appreciated
4. Faculties take effective care for improving student's education by Paper publications

**WEAKNESS:**

1. Need More Motivation for online NPTEL classes
2. College to be provide Wi-Fi Connectivity
3. More time to be spent on research topics
4. Need Tutorial Hours for Problems

**FEEDBACK ANALYSIS:**

1. They are very happy for the way by which management helped them to be in touch with faculty and department for discussions and development.
2. More internship programs can be conducted for better industrial exposure
