ACTION TAKEN REPORT (2020-2021)**

Feedback was requested from the following Stakeholders

S.NO	STAKE HOLDER	COUNT
1	STUDENTS	204
2	TEACHER	43
3	PARENTS	30

Feedback analysis of stakeholders and action taken report

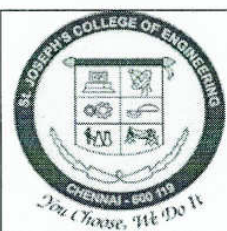

S.NO	Stakeholder	Feedback	Actions Taken
1.	Student	Effective online interaction tools can be used. Scanned copies of reference books can be uploaded.	The ICT tools for students were effectively utilized The students were trained to use e-library and links of books and other study material were shared.
2.	Teacher	Additional training is required to update the students for the industrial needs.	The students were motivated to undergo various training programmes offered by reputed organisations.
3.	Parents	The parents were worried about the delivery of syllabus through online mode. Parents expressed their concern about the coding languages which are essential for Placements today.	The parents were explained about the online tools used by the teachers for effective teaching and learning. The students who required training in basic coding languages were identified and coaching classes were conducted.

Student's Feedback

The college has obtained feedback on curriculum from students through questionnaire which contains the following major aspects such as Course content & Organization, Interactive participation, learning environment & teaching methods, Learning resource and Quality of delivery and assessment. Totally 204 students gave their feedback on curriculum for the academic year 2020-2021. 76% of the student's population agreed that the allocation of course content is appropriate in relation to the level of course content is very much appropriate to the programme. Majority of the students strongly agreed that the interaction by teachers with students are more feasible and reliable. Around 82% of the students agreed that they are equipped with necessary teaching methods required for their programme. It is observed that 78% of the students agreed that the provision for learning resource in library was adequate and appropriate with their respective field of specialization areas. The feedback revealed that 80% of them are strongly agreed about the quality of delivery and the internal assessment for the specified programme. Some students are suggested that it would be helpful if the certification course with hands on training can be included as a part of the curriculum.

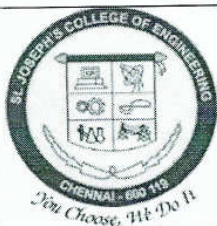

Feedback analysis report

- From the analysis of the students' feedback, it is revealed that they are satisfied with the curriculum framed.
- The students feel that the syllabus was effectively delivered through online mode. Effective interactive online tools can be implemented to enhance further.
- The scanned copies of reference books can be uploaded to understand the Subjects better.

TEACHERS FEEDBACK ON CURRICULUM

The College has made it a practice to conduct all faculty meeting, once in the starting of the semester, where the ways and means of enhancing the curriculum, academic discipline, Teaching Learning process and Research and Extension activities are discussed. During such meetings, the individual faculty members express their honest opinion on the curriculum; research and extension activities and the same would be debated and discussed. The appropriate suggestions are put forward to the respective councils for implementations. The faculty members get representations in the Board of Studies, Department Advisory Committee and Academic Council, where the staff members are getting ample opportunities to give feedback, on both curriculum and teaching learning process. Based on the feedback obtained, various industrial visits, guest lectures, value added courses and student's workshops are organized to fill the gap in the curriculum.

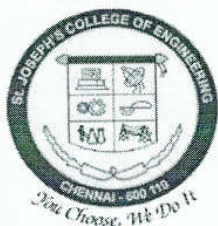

Feedback analysis report:

- The analysis report of the teachers' feedback reveals that they are highly satisfied with the framework of the curriculum.
- Additional training is required to update the students for the industrial needs.
- Invited Talks, in plant training, internship should be arranged to bridge the gap in the curriculum.
