FEEDBACK ANALYSIS

Students Feedback

The college has obtained feedback on curriculum from students through questionnaire which contains the following major aspects such as Course content & Organization, Interactive participation, Learning environment & teaching methods, Learning resource and Quality of delivery and assessment. Totally 279 students gave their feedback on curriculum for the academic year 2014-15. 79% of the students population agreed that the allocation of course content is appropriate in relation to the level of course content is very much appropriate to the programme. Majority of the students strongly agreed that the interaction by teachers with students are more feasible and reliable. Around 78% of the students agreed that they are equipped with necessary teaching methods required for their programme. It is observed that 81% of the students agreed that the provision for learning resource in library was adequate and appropriate with their respective field of specialization areas. The feedback revealed that 80% of them are strongly agreed about the quality of delivery and the internal assessment for the specified programme. Some students are suggested that it would be helpful if the certification course with hands on training can be included as a part of the curriculum.

Feedback analysis report

- From the analysis of the students feedback it is revealed that they are satisfied with the curriculum framed.
- It is reported by the students that the teaching methods are more feasible.
- Some students are suggested that it would be helpful if the certification course with hands on training can be included as a part of curriculum.

TEACHERS FEEDBACK ON CURRICULUM - ANALYSIS

TEACHERS FEEDBACK ON CURRICULUM

- The examination report of the educators' criticism uncovers that they are exceedingly happy with the structure of the educational modules.
- The proposals given by them identified with explicit subjects were noted for further activity.

The College has made it a practice to conduct all faculty meeting, once in the starting of the semester, where the ways and means of enhancing the curriculum, academic discipline, Teaching Learning process and Research and Extension activities are discussed. During such meetings, the individual faculty members express their honest opinion on the curriculum; research and extension activities and the same would be debated and discussed. The appropriate suggestions are put forward to the respective councils for implementations. The faculty members get representations in the Board of Studies, Department Advisory Committee and Academic Council, where the staff members are getting ample opportunities to give feedback, on both curriculum and teaching learning process. Based on the feedback obtained, various industrial visits, guest lectures, value added courses and students workshops are organized to fill the gap in the curriculum.

FEEDBACK ANALYSIS

- The analysis report of the teachers feedback reveals that they are highly satisfied with the framework of the curriculum.
- Faculty development programs may be conducted for new regulation.
