DEPARTMENT NGO ACTIVITIES

It is pathetic that there are numerous orphanages and old age homes in our society. Our Managing Director and Director yearn for extending a supporting hand to these needy persons. Also, they wanted to invoke the service tendency of our students by encouraging visits to orphanages, old age homes and homes for children with Cerebral Palsy.

NGO activities bring out the hidden potentials of young minds to serve the needy and to make them responsible citizens. They are exposed to the downtrodden lifestyle of our brethren. Changing this scenario is the need of the hour for our country's development. Our college offers special lunch (Both Vegetarian and Non Vegetarian with sweets, savories and ice creams) to all the residents. All the students, from first year to final year enthusiastically participated and mingled with these residents and spent an entire day with them and shared their happiness. They also contributed by offering the basic essentials like rice bags, groceries, toys, clothes, pillows etc. for these residents.

The following are the visits arranged by the Department of Mechanical Engineering during this academic year:

BEST OUTGOING STUDENT AWARD

Success is not the destination that we reach. Success is the quality of our journey. The quality of the journey depends upon the goals we set and the mentors we choose. The quality of the mentor lies in appreciating even the smallest efforts as appreciation is the only tool which enables us to build the impossible. Mankind's greatest achievements have come about by constant encouragement. Our greatest hopes could become reality in the future if our efforts are recognized. With this the possibilities are unbounded.
