Department of Electronics and Communication Engineering

Report on Online alumni mentoring session **Date: 29-05-2020**

An Online alumni mentoring session was conducted for our ECE BATCH 2017-2021 students on 29.05.2020 using Google meet app from 6 pm to 7 pm. Totally 72 students participated actively and got benefited. Our 2019 BATCH alumni students Mr. LOURDS DINESH, Ms. SHILVYA PACKIARAJ and Ms. TARUNIKA UMASHANKAR presented the session about improving programming skills, preparing resumes, how to participate in group discussions and facing interview panel without fear. Our students were motivated to practice problems given in the placement training program conducted in our college campus. We had collected feedback from our participants and it is noted that they have found it to be **useful and informative.** Some of the participants wanted to **know about the interview process in core companies.**

Department of Electronics and Communication Engineering

Report on Webinar on "Artificial Neural Networks"

Conducted on 10.06.2020.

BROCHURE

Webinar on "Artificial Neural Networks" was **conducted on 10.06.2020** by Department of ECE, **St. Joseph's College of Engineering**.

Mr.S.S.Biswas accepted the invitation to be the Guest Speaker of the session. He is the Engineer In-charge of design and R&D group of BHAVINI, Kalpakkam. His versatile and charismatic way of explaining the concepts of Artificial Neural Networks has added credibility to the session.

We collected feedback from our participants and it is observed that they have found the program to be useful and informative.

- Total Number of Active Participants :63
- Total Number of Faculty Attended : 39
- No. of St. Joseph's Faculty : 07
- Total Number of Students Attended : 24
- Number of External Faculty : 32
- No. Of Colleges participated : 30

Topics Covered:

S.NO	TOPIC	CONTENT
1	**Introduction**	• **Biological Neuron** • **Synapse**
2	**Neural Network**	• **Basic Introduction Neuron** • **Activation Function**
3		• **Neuron Diagram** • **Neuron Models**
4	**Network Architectures**	• **Single Layered & Multilayered Feed forward**
5	**Fuzzy Logic**	• **Definition of Fuzzy** • **Fuzzy Logical representation** • **Fuzzy examples**
6	**Working on Matlab Environment**	• **Introduction to MATLAB** • **Current directory** • **Workspace**
7	**Getting started with Neural Network toolbox**	• **Classify pattern with Neural network.** • **Pattern Recognition** • **Neural Network fitting tool.**

Remarks in the Feedback section about overall session:

1. Very Informative session and looking forward for more such sessions.
2. Session was very useful and got clarity about ANN
3. Very helpful to proceed with research.

Report on Cyber-Physical Systems (CPS) – A Webinar for Faculties and Students

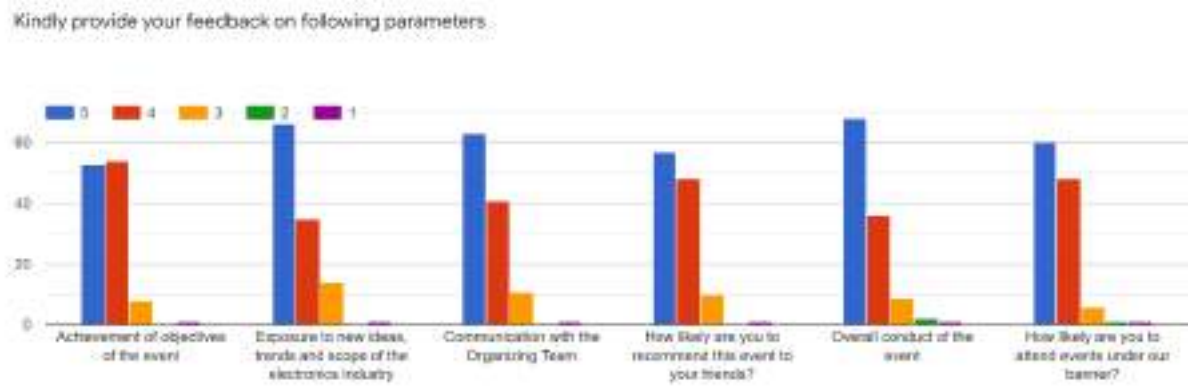
Date: 12-06-2020

REPORT

A webinar on the topic **"Cyber-Physical Systems (CPS)"** was organized by the Department of Electronics and Communication Engineering in association with Opti Thought (NI Partner) for faculties and students on **12.06.2020** using Google Meet app between 11.00 a.m. and 12.00 p.m.

Mr.E.Muralikrishnan gave an overview on CPS and IoT. Mr. K. Prakash demonstrated several real time systems using LabVIEW and IBM Watson IoT Platform. This webinar drew participants from various nations including **US and UK** besides faculties and students from **St.Joseph's Group of Institutions**. Altogether **134 participants** got benefitted out of this webinar. **Feedback** collected from the participants signified the **usefulness of the event** and their interest in participating future events under our banner. **E-Certificates** were mailed to all the 134 participants as an acknowledgement of their participation.

OVERALL FEEDBACK FROM THE PARTICIPANTS



FEEDBACK FROM FACULTIES

- Excellent
- Very useful and Informative Webinar
- Well, Organized in a Professional fashion

FEEDBACK FROM STUDENTS

- Nice session, very useful, thank you
- Was very informative and explained each and every topic really well
- Very informative and interesting
- The session was a very interactive and very useful session. The lab demonstrations were very well presented and taught us many new and innovative ideas. Really very useful.
- This webinar was organized very well. I learnt various things about cyber physical system like how it works.
- Webinar is very informative and useful. Contents and the way of delivering the contents is excellent.
- Was very informative and explained each and every topic really well

REPORT ON WEBINAR FOR HIGHER STUDIES **DATE 20-06-2020, 6.00 PM**

REPORT

A webinar for Engineering Students on the topic "**Secret Sauce for Traversing from B.E to MBA"** was organized by the department of ECE on 2**0.06.2020** to get an insight of pursuing MBA as an Engineering graduate using Google meet platform.

Mr.Ashish Ninan Cherian an alumni of ECE 2017 batch was the speaker of the session. A total of 55students from St. Joseph's Group of Institution participated in the webinar. The webinar addressed many key points such as the different entrance exams and the pattern for each of these exams, top colleges and their rankings, preparation of resume etc.This webinar provided an opportunity for the students to understand how an MBA will help them in the long term and the job roles that they can fetch from different MBA streams.

Overall the webinar gave an insight on how to prepare and crack the competitive exams and develop their professional skills. From the **feedback** it is observed that this webinar was very much **useful and informative** for all students and in future many such webinars may be organized for shaping their career.

Report on Industry Boot Camp – Technology Demystified: A Technical Webinar Series – Week 1

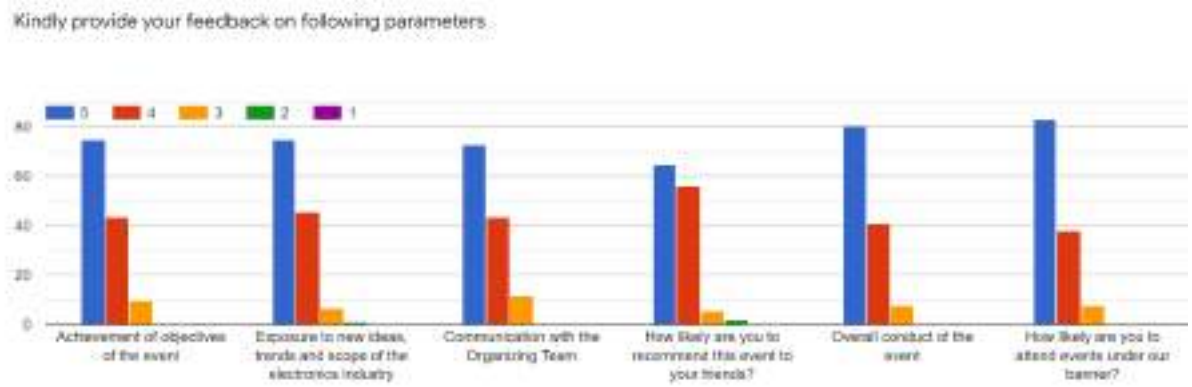
Date: 21-06-2020

REPORT

Industry Boot Camp – Technology demystified: A Technical webinar series – week 1 was organized by the Department of Electronics and Communication Engineering for faculties and students on **21.06.2020** using Google Meet app for slot 1 between 10.00 a.m. and 11.00 a.m. for slot 2 between 04:00 p.m. and 05:00 p.m.

Mr. Lenord Melvix, Computer Vision Engineer, Google, USA gave an overview on Computer vision and its Application. **Mr. S. Vignesh,** Head of capacity Planning, Amazon Logistics, UK demonstrated the procedures on Supply Chain Management and Strategic Marketing. This webinar drew participants from various nations including **US, UK and Malaysia** besides faculties and students from **St. Joseph's Group of Institutions**. Altogether **120 participants** got benefitted out of this webinar. **Feedback** collected from the participants signified the **usefulness of the event** and their interest in participating future events under our banner. **E-Certificates** were mailed to all the 120 participants as an acknowledgement of their participation.

OVERALL FEEDBACK FROM THE PARTICIPANTS



FEEDBACK FROM PARTICIPANTS

- Really needful for young engineering aspirants who are on verge to enter into an industry
- Informative and Interesting sessions
- Informative and Knowledgeable session
- A good presentation by the speakers and a great initiative by the college.
- Thanks for taking efforts to organize webinar thereby benefiting students and making time valuable.
- Nice and usable webinar.... thank you for the presenters and coordinators
- Had a very good, inspiring and gained good knowledge in some areas after the webinar.
- Both the sessions were well organized and also very informative, expecting more webinar series.
- Thank you so much for organizing Industry boot camp for us to know about industry before we go.
- It was very useful for me. It guided me a way to build up my career brighter. It motivated me to learn technically.
- Nice sessions with experienced presenters
- These two slots are very good informative. Thanks to St. Joseph's, ECE Dept, and presenters
- The industry boot camp was informative and newsy. It was the path way for learning current tech in industry. The presentation was professional. Thank you
- Get to know more about the current status of our industrial fieldworks
- Very good delivery of information & easy understandable
- Easy and best way to learn things like this during quarantine
- It was really quite exciting to understand many new ideas and learn new perspective of seeing things

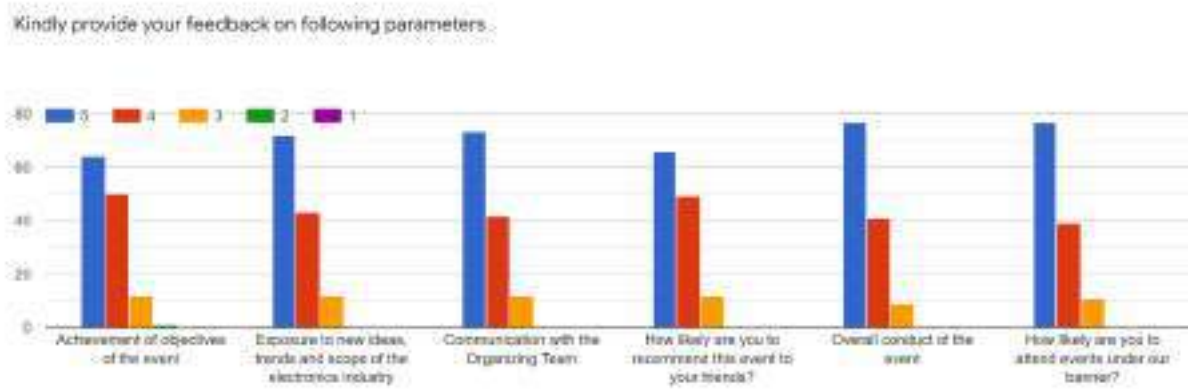
REPORT

Industry Boot Camp – Technology demystified: A Technical webinar series – week 2 was organized by the Department of Electronics and Communication Engineering for faculties and students on **27&28 June 2020** using Google Meet app between 10.00 a.m. and 11.00 a.m. IST.

Mr. R Jeyakumar, Pre-Silicon Validation Engineer, Intel India Pvt Ltd, Bangalore gave an overview on Career in Core Industry. **Mr. K. Ajay Sundar,** Software Development Engineer, Microsoft Azure Computer R&D, USA demonstrated Cloud Computing and its applications. This webinar drew participants from various nations including **US, UK and Malaysia** besides faculties and students from **St. Joseph's Group of Institutions**. Altogether **137 participants** got benefitted out of this webinar. **Feedback** collected from the participants signified the **usefulness of the event** and their interest in participating future events under our banner. **E-Certificates** were mailed to all the 137 participants as an acknowledgement of their participation.

OVERALL FEEDBACK FROM THE PARTICIPANTS



FEEDBACK FROM PARTICIPANTS

- Very useful and informative session
- Industry boot camp conducts webinar in such a manner that it is easily understandable
- Very useful class on the current technical knowledge and core-based knowledge
- Benefited from this bootcamp again by getting to know the industry requirements.
- It was really organised well .Thank you very much for the whole team who are all put their best efforts to make it well. Thank you.
- A good motivational programme.
- Such a wonderful session in the lockdown time. Thanking you sir
- Very useful and informative thank u for this opportunity
- Very good times with you guyz. hope we have more like this
- Really an awesome presentation and was very happy to attend the session on both days.
- Its been a foundation for me to build up my career. And encourages me to be diligent.
- Simply a great work
- It was informative and the sessions were handled well. The speakers were really good.
- Very good initiative. Looking forward for more good events
- I think this type of knowledge must be provided to the students for them to be prepared for the future.

Report on Webinar for Engineering Students Date: 30-06-2020, 6.00 pm

REPORT

A webinar for Engineering Students on "**CAREER ENLIGHTENMENT FOR ENGINEERS"** was organized by the Department of ECE on 3**0.06.2020 at 6.00 pm IST** to get an insight of pursuing MBA as an Engineering graduate using Google meet platform.

The Resource persons were our Alumni **Mr,M,Guhan** B.E.,M.B.A **Vice President, Mass Mutual**, USA of 2008 batch and **Mr.S.Karthikeyan** B.E.,M.S **CEO and founder of CS Research Labs** Chennai of 2006 batch.

A total of 91 students from various colleges participated in the session. The session focused on Pre-Pandemic scenario and Post Pandemic reality of job opportunities and the impact for years to follow. Preparing for higher studies, competitive exams and various ways to fill the skill gap were discussed during the session. Career Enhancement tips and the ways to explore the dreams, the ideology of setting start-ups were also briefed up during the session. The queries were discussed at the end of the presentation session.

From the **feedback** submitted by the students it is observed that this webinar was very much **useful and informative** for all students and in future many such webinars may be organized for shaping their career and to achieve better position in their field of interest. E-Certificate were issued to all the participants.

Report on a webinar : The Art of Getting Hired – Tips and Tricks

Date: 03-07-2020

REPORT

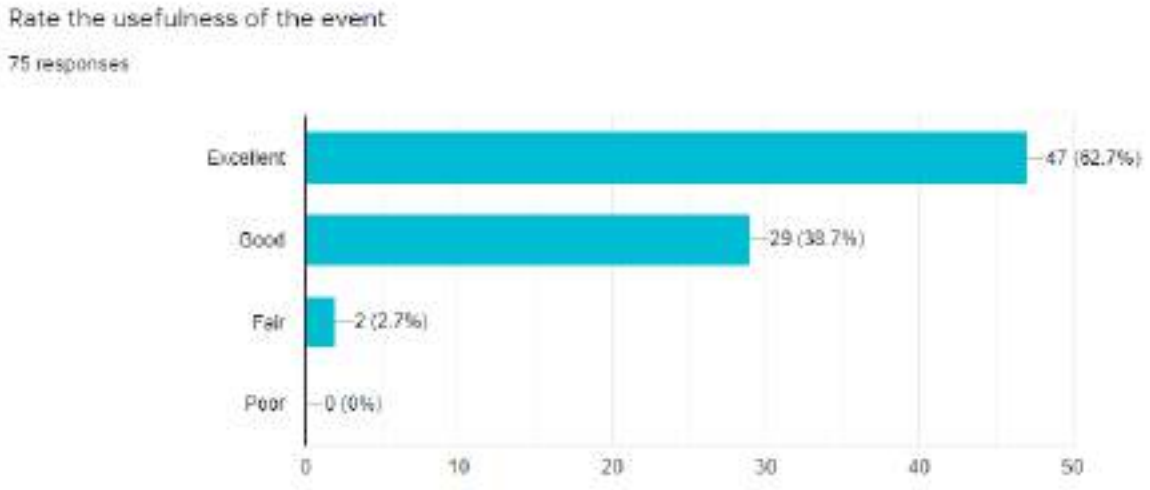
Webinar on The Art of Getting Hired – Tips and Tricks was organized by the Department of Electronics and Communication Engineering for the students on **03.07.2020** using Google Meet app for between 04:00 p.m. and 05:00 p.m.

Ms. Pranishaa R Prakash, IIM Shillong (Class of 2020), ECE Alumni (Class of 2018) gave an overview of the placement preparations and skills needed to be developed by a student in the placement front currently pursuing an engineering degree or an MBA after engineering. She demonstrated the procedures the various levels at which students should prepare to get a job offer. She gave examples on what kind of people are preferred and recruited. She also shared her own experiences and her contact details for the students benefit.

This alumni webinar drew participants from various other colleges besides and students from **St. Joseph's Group of Institutions**. A total of **75 participants** got benefitted out of this webinar.

Feedback collected from the participants signified the **usefulness of the event** and their interest in participating future events under our banner. **E-Certificates** were mailed to all the 75 participants as an acknowledgement of their participation.

OVERALL FEEDBACK FROM THE PARTICIPANTS



FEEDBACK FROM PARTICIPANTS

- Informative session
- Nice and informative
- way of presenting the webinar is good
- This information is very well that we can apply it in our upcoming placements
- Good seminar and I learned more from it.
- The webinar was very informative and useful.
- It was very informative
- We got useful information regarding placement planning and preparing..
- I newly learn many things for my placement
- Excellent and super presentation
- The overall session was very informative and useful
- Good, useful for improvement in placement,
- It was very useful webinars. we got more information about our placement. waiting for future webinars
- Yeahh really it was interesting and also addressed with an encouraging motive to students which may help us to overcome certain errors which we tend to do during placements
- It is very useful... especially during placement it is very helpful for us... thank you mam
- The webinar was very useful and informative.
- Precise,clear and Very Informative. Thank you presenter for you time.
- Worthy webinar. Boosted some confidence and knowledge in me. Thanks for this webinar
- It was very useful & informative for us to face the placement & interview.
- It's a really helpful,got some idea to plan for my job,thankyou to everyone
- It was good and useful
- Nice webinar.learned many things.
- very useful and learnt alot to improve my skills for the placements..
- Thank you for the organizers.
- Highly informative & helpful to reach our goals in life.

Report on ENGINEER YOUR LIFE- Applying theory to real life Webinar

Date: 4-7-2020

Student Development Program on "Engineer your life- Applying theory to real life" was organized by the department of Electronics and Communication Engineering on 4.7.2020 using Google Meet app between 10.00 a.m and 11.00 a.m.

Mr.Sergiton David, Telecommunication Engineer, Verizon gave a brief explanation on Engineering life. Altogether 120 participants got benefitted out of this webinar. Feedback collected from the participants signified the usefulness of the event and their interest in participating future events under our banner. E-Certificates were mailed to all 120 participants as an acknowledgement of their participation.

FEEDBACK FROM PARTICIPANTS

- Informative and Interesting sessions
- Informative and Knowledgeable session
- The session is good and helpful
- A good presentation by the speakers and a great initiative by the college.
- Thanks for taking efforts to organize webinar thereby benefiting students and making time valuable
- Wonderful and awesome experience
- Very impressive session
- Gained more information and an eye opening session
- The session was refreshing and I got to know many things that I should start doing, that I've missed so far. Thanks for this session.
- Thank you for delivering useful information to develop our skills during this pandemic.
- He insisted all the requirements needed for every stages in engineering
- I personally feel that this webinar is really a valuable one.
- The session was so useful…it gives a better idea on engineering…David bro took the session in an interesting way. Thank you.
- This session provided me endless suggestions which might help me to improve my engineering skills.
- It was motivational to hear the speech. I hope this might be a new kick start to my confidence.
- I am satisfied with the information given in this session and a good attempt.
- Thank u for the team who arrange the webinar meeting and thank you sir

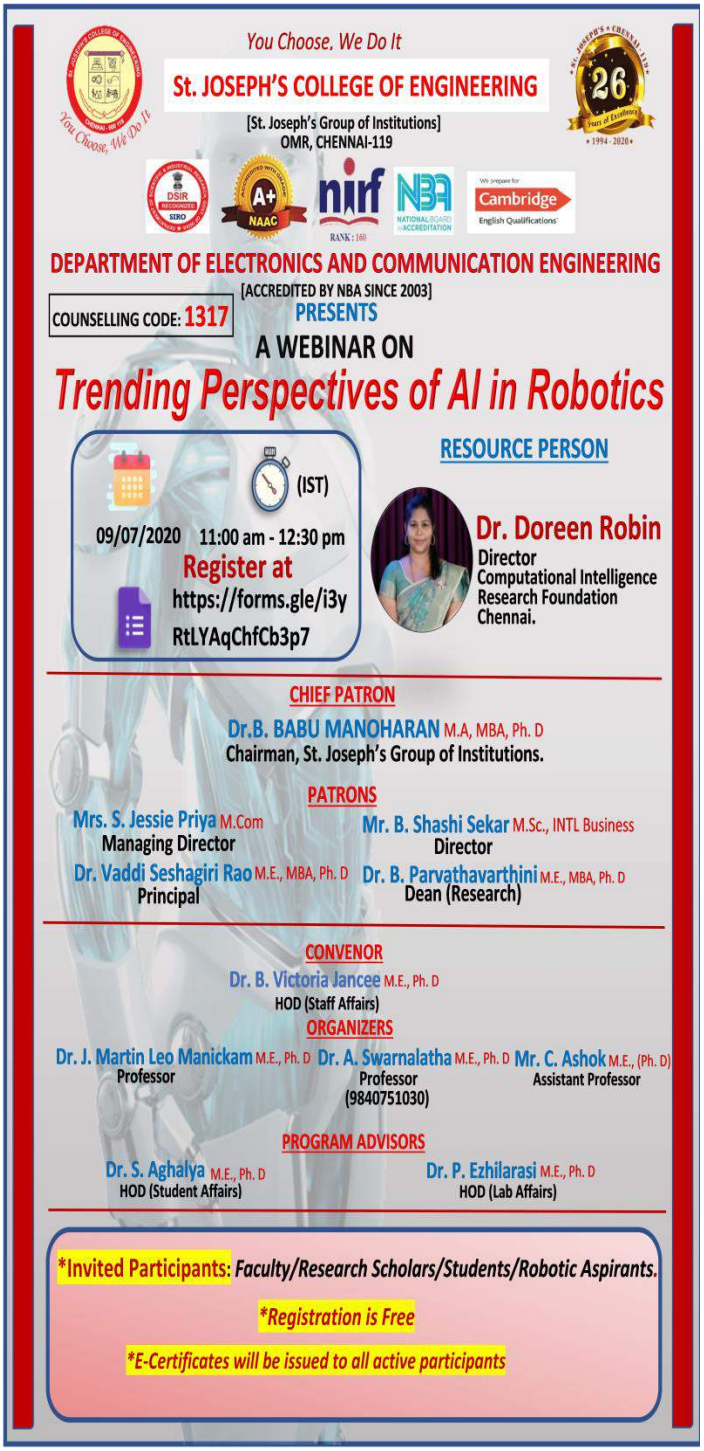
A Report on Webinar Titled "Trending Perspectives of AI in Robotics"

Date: 09/07/2020 **Time: 11 am to 12. 30 pm**



Report

The webinar was planned for the benefit of Students, faculty, research scholars and robotic aspirants.

Dr. Doreen Robin, Director, CIRF, is a seasoned speaker who holds the attention of her speakers and has conducted a lot of training sessions for engineering faculty and students, throughout India. The selection of the topic was to address the current research arenas of Artificial Intelligence (AI), as this is the vibrant technology that's creating vibes through the globe in a perspective of one of our **department's** core technology ie., Robotics. We suggested **to** her some topics that we wanted her to cover during the lecture. The topics covered during her lecture were:

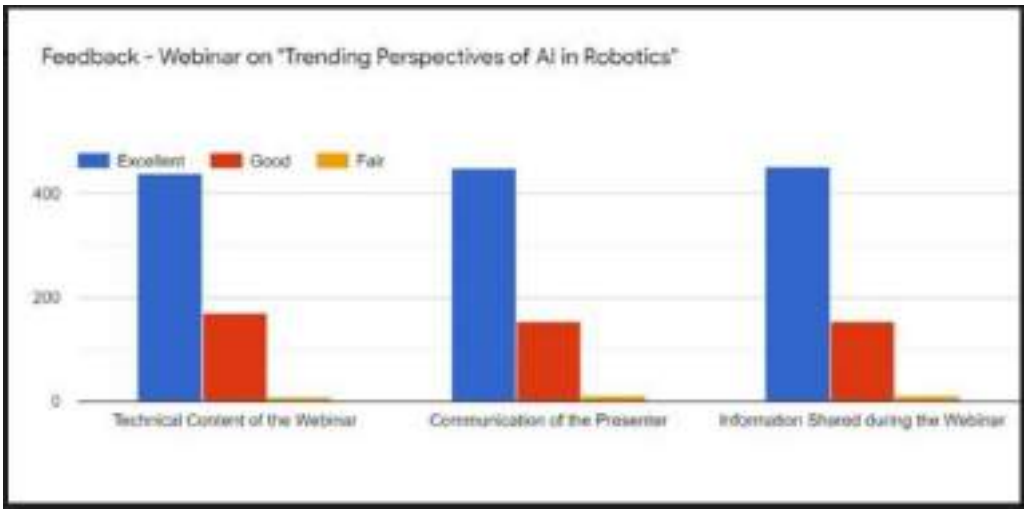
- Introduction to AI, Machine and Deep Learning
- How Machine learning algorithm could be used in Robotics
- Optimization concepts involved in ML algorithms
- Robot Learning - new emerging research field
- Gesture Recognition with demo
- Case studies: Real time applications
- Future directions

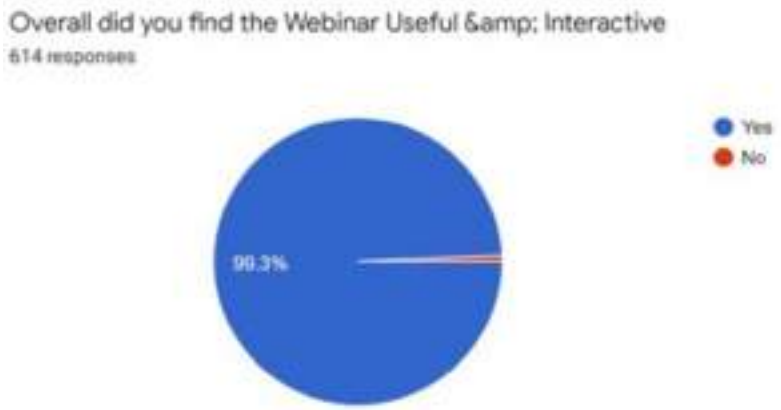
The registration link shared with the participants was https://forms.gle/i3yRtLYAqChfCb3p7.

Our III year student Mr. Bastin Joemics created the poster for the webinar. Around 600 registration forms were received. The webinar started right on time with the screening of a video presentation about St. Joseph's College of Engg, Chennai – 119.The streaming of the webinar was done through U Tube Live. The link for the live streaming was: https://youtu.be/XehsRvJidp8. This was shared through mail & what's app to all registered participants. The Convener, Dr. B. Victoria Jancee welcomed the speaker and the participants and also presented the importance of the topic. Mr.C.Ashok, presented the profile of the resource person and handed the session to the speaker. The session was made interesting with videos of real time demonstrations and interactive queries which the participants enthusiastically addressed. The session concluded at 12.45 pm with a Q & A session. The vote of thanks was presented by Dr.A.Swarnalatha.

A sizable number of 614 feedback forms through the link: https://forms.gle/8vjPA7Jotv7wCP6w7 were submitted by the participants at the end of the session. The statistics of the feedback is presented below. The participants were from every part of India, right from Jammu & Kashmir to central India and all states of south India.

Overall feedback Statistics from the participants





Few samples of the issued certificates are presented here. The template for the certificates was created by our III year student, Mr. B. Harish Kumar.

Sample Certificates

The webinar concluded on a positive note with the speaker giving a verbal positive feedback on the conduct of the program and showed an inclination for further fruitful associations. The 614 participants were issued with a participation certificate by that day evening itself and in due course all their queries too have been handled by the organizing team. We are thankful to our college management for all their guidance, support and inspiration.
