Sri Sai Ram Institute of Management Studies

It was a divine blessing and pleasure to be part of St. Joseph's College of Engineering, where I got an opportunity to groom myself during the period of my post graduation in Business Administration. Got complete freedom even as a student in the entire institution and department. Great thanks to Dr. Babu Manoharan sir and faculties in Department of Management Studies.

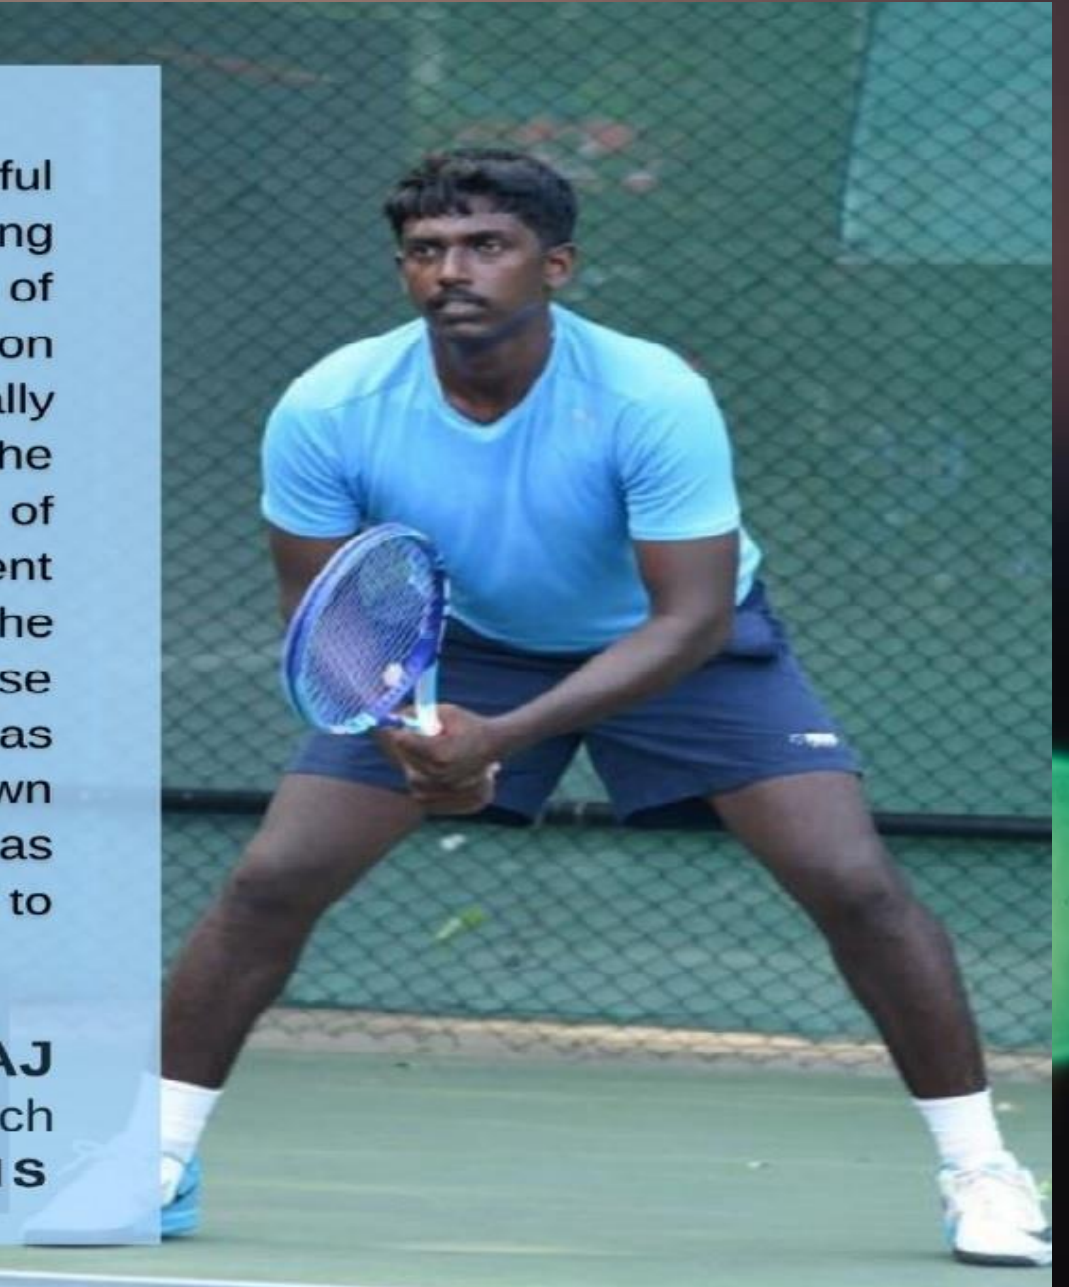

2006-2008

It is my pleasure to place on record the wonderful years I had at St. Joseph's College of Engineering MBA Dept (2007-09). I cherished the feeling of studying at an Institution, which focused on both on academics and extracurricular activities specifically sports. Ranked 1300 in the world while I joined the college, I went on to reach my career high ranking of 964 in the world. The support and encouragement from the college made me focused and the experiences gained during the 2 years of my course have contributed to my professional growth as well as in my later years as coach in setting up my own academy. St. Joseph's College of Engineering has nurtured my aspirations and laid the foundation to realise those aspirations.

“A journey of a thousand miles begins with a single step”

My journey with St. Joseph's started in 2008 with myself joining Electronics and Communications Engineering. The professors helped me a lot in understanding the syllabus by providing me with proper guidance which helped me continuing my race towards my goal.

After completing engineering, I realised that I need to pursue my higher studies in Business Management to enhance my management skills. So, I chose St. Joseph's once again in my life. St. Joseph's didn't fail me with my decision. The management staff helped me a lot in understanding various aspects of management. Their guidance and the support throughout my course were incredible and helped me to enhance my leadership skills & gave proper direction towards my successful career.

I'm proud to be a part of St. Joseph's family.

2013 - 2015

Mr. Prasanth Krishnan K.

My master's degree in Business Administration at St. Joseph's College of Engineering was one of the life changing experiences. It has brought clarity of thought, knowledge, confidence, courage and conviction to me and my goals. The program had one of a kind teaching framework, where opportunities were provided to the students to conduct seminars which has eventually helped me to improve my interpersonal skills and reduce the fear of facing the audience. This has made me realize that learning environment makes a difference in shaping up one's career. I would like to extend my heartfelt gratitude to the SJCE management and my teachers as they have contributed significantly to the improvement of my knowledge base and grooming my career. I am proud and overwhelmed for being an alumni of SJCE for whatever and wherever I am today.
