COMMUNICATION SKILL ENHANCEMENT PROGRAM

Centre for Training and Placement of St Joseph's is largely responsible and committed towards the identification and catering to the need of training of students so that they are able to develop a good personality; and assist them to find right job and help them place in right companies before they pass out. We realize that in order to convert a raw student in to employable graduate, several behavioural attributes need to be addressed in addition to the development of technical skills. Some of the behavioural attributes are good communication skills, developing positive attitude towards work, and understanding of moral and ethical values.

Every academic year, our college has taken an initiative to improve the communication skill of the students by organizing 48 hrs Communication skill enhancement program. The aim of this program is to empower our students to take up the future campus recruitment with confidence. All the first year students are evaluated for communication skill by the expert committee. Based on the evaluation students are categorized into **three levels** and students are given appropriate training. This communication enhancement program is conducted by corporate trainers from **Strides & Winspire**.

PLACEMENT ORIENTATION PROGRAMME & OTHER ACTIVITIES

The Centre for Training and Placement has conducted Aptitude crash course for second year students by Vista Mind. Aptitude crash course was conducted in two phases, first phase in the third semester & second phase in the fourth semester. Placement orientation program-II (POP II) was conducted for the final year students by Vista Mind and trained them on soft skills, quantitative aptitude skills etc., to prepare them for placement recruitments. DEPARTMENT NGO ACTIVITIES

It is pathetic that there are numerous orphanages and old age homes in our society. Our Managing Director and Director yearn for extending a supporting hand to these needy persons. Also, they wanted to invoke the service tendency of our students by encouraging visits to orphanages, old age homes and homes for children with Cerebral Palsy.

NGO activities bring out the hidden potentials of young minds to serve the needy and to make them responsible citizens. They are exposed to the downtrodden lifestyle of our brethren. Changing this scenario is the need of the hour for our country's development. Our college offers special lunch (Both Vegetarian and Non Vegetarian with sweets, savories and ice creams) to all the residents. All the students, from first year to final year enthusiastically participated and mingled with these residents and spent an entire day with them and shared their happiness. They also contributed by offering the basic essentials like rice bags, groceries, toys, clothes, pillows etc. for these residents.

The following are the visits arranged by the Department of Mechanical Engineering during this academic year:

Success is not the destination that we reach. Success is the quality of our journey. The quality of the journey depends upon the goals we set and the mentors we choose. The quality of the mentor lies in appreciating even the smallest efforts as appreciation is the only tool which enables us to build the impossible. Mankind's greatest achievements have come about by constant encouragement. Our greatest hopes could become reality in the future if our efforts are recognized. With this the possibilities are unbounded. All we need to do is to appreciate and encourage the young minds as most achievers are people who have made a strong and deep dedication to pursue a particular goal. St. Joseph's recognizes this dedication by awarding the student with "The Best Outgoing Student Award".
